

## Pro-Western Leader

# Jordan Gets New Premier

AMMAN (AP) — Hussein Fakhri Khalidi, a pro-Western political leader, was named Jordan's new premier today. This was a victory for King Hussein in a six-day-old cabinet crisis.

The seven-man cabinet includes Suleiman Nabulsi, the Leftist National Socialist party leader dismissed as premier last Wednesday.

## Sedalian Is Discovered Fatally Shot

Appears a Suicide; Was Despondent Over Death of Son

Mrs. Mary Ona Payne Montgomery, 66, was found dead in the yard of her home, 711 East 13th, about 1:30 a.m. Sunday, an apparent suicide. She was found by her husband Rupert D. Montgomery after he missed her from their bedroom about 1 o'clock.

Mrs. Montgomery had been shot three times in the left chest by .22 caliber bullets from a Winchester pump gun. She was found lying beside the family car dressed in her nightgown and was barefooted.

For a number of years she had been in poor health and despondent since the death of a son, Paul, who took his life in 1944, according to the family. About 11 o'clock Saturday night she awoke and complained to her husband of suffering a heart attack, but after a time relaxed and she apparently seemed to be all right.

According to the family, Montgomery woke up about 1 o'clock and found his wife missing from her bed. He first believed she might have gone to another bedroom and when he found she was not there or in any other rooms of the house, dressed and started a search for her. She was lying on the ground face down on the east side of the car in the driveway east of the house. The gun was lying about a foot or two from the body.

In the car were found some cooking utensils, food, etc., which Montgomery said had been in the house earlier. It was undetermined whether she had taken the things to the car preparing to get ready to go to the country later in the morning and accidentally shot herself.

After finding his wife, Montgomery returned to the house and called his son, Ivan, who resides in an upstairs apartment and they then called Dr. C. Gordon Stauffacher, who in turn notified the police. The sheriff's office was also notified.

The body was then removed to the Neumeier funeral home.

Mrs. Montgomery was born near Newland, Oct. 10, 1890, the daughter of the late R. H. Payne and Mary Elizabeth Wasson Payne. She was reared and educated in that community, attending Hopewell School. She was married Jan. 28, 1909, to Rupert David Montgomery in Sedalia. They resided in the Lake Creek Community for many years and came to Sedalia to reside about five years ago.

Mrs. Montgomery was a member of the Epworth Methodist Church.

Surviving are: her husband, the following children, Mrs. George A. Cook, Smithton, Mrs. Owen Hoehns of Kansas City, Ralph David Montgomery, Smithton, Mrs. F. A. Schulte, Smithton; Mrs. George Flesham, Route 1, Sedalia, and Ivan Ray Montgomery, of the family. (Please turn to page 2 column 7)

## AP Wire Editors Meet In Sedalia on Sunday

Missouri Associated Press wire editors Sunday elected Stan Isle of the Moberly Monitor-Index president of their association at an annual meeting at the Bothwell Hotel in Sedalia.

He succeeds William Plummer of the Chillicothe Constitution-Tribune.

Mutual problems were discussed at the conference. Fourteen Missouri AP newspapers were represented.

Editors were guests of The Sedalia Democrat-Capital.

## Movie Actress Makes Trip to Kansas City

KANSAS CITY (AP)—Her visit to Kansas City today was a sort of homecoming for Mrs. Alfred N. Steele.

Professionally, Mrs. Steele is known as actress Joan Crawford. She accompanied her husband who is here on business.

Steele is chairman of the board for the Pepsi-Cola Co.

The actress lived in Kansas City as a girl and attended school here.

Dispatches from Amman are under censorship. Earlier advices reaching Damascus pictured Hussein as gaining steadily in a bold struggle to purge pro-Egyptian leaders from Jordan's army and political life. Yesterday Hussein exiled the Jordan army's pro-Egyptian chief of staff. Despite this, the major elements of the Jordan army were apparently behind the King.

Bahjat Talhouni, chief of the Royal Cabinet, confirmed that the new government had been formed. Tension has gripped Jordan during the past few days of the crisis. But it was generally hoped now that the country will return to normal.

Bahjat Talhouni, chief of the Royal Cabinet, confirmed that the new government had been formed.

Tension has gripped Jordan during the past few days of the crisis. But it was generally hoped now that the country will return to normal.

The Cabinet was topheavy with Independents. Besides Khalidi, the new government will have five other Independents and one National Socialist.

Appointment of Nabulsi was apparently with the support of the strong National Socialist party, which controls 18 seats in Parliament.

Other members of the Cabinet are former premiers Said Mufti and Fawzi Mulki; Suleiman Sukkar, former leader of the Jordanian Senate; Dr. Amin Madraj and Majid Abdulhadi.

Khalidi's success of forming a government came as a surprise. Last official information given out earlier today said that Said Mufti was still trying to set up a Cabinet.

Agreement apparently was reached at a top level meeting called at the palace at noon. All former premiers of Jordan, all members of the Senate and some deputies attended.

Khalidi was the first candidate asked by the Monarch to form a new government but he failed after two days and apologized to the King.

Hussein emerged from the crisis with a greater stature than ever. Khalidi is a Palestine refugee. This is important since Palestinians form more than a third of the population.

## Diplomats Say Tension Is High In Capital City

WASHINGTON (AP)—Dispatches from American diplomats in Amman reported tension was high in the Jordanian capital over the weekend but that there had been no riots by the population up to mid-afternoon Sunday. Some demonstrations without violence were reported.

The dispatches said that Suleiman Nabulsi, ousted as premier by King Hussein, was reported under arrest.

Fairly reliable information of a brief military fight was included in these reports. This was said to have occurred at Zerga army camp north of Amman Saturday night. Officers and men loyal to King Hussein were reported to have smashed an attempt by pro-Egyptian elements led by Maj. Gen. Ali Abu Nuwar to interfere with Hussein's moves in forming a new cabinet.

Some shooting was reported, with rumors that as many as 12 persons were killed.

## Police Take Bishop To Wrong Church

LIBERTY, Mo. (AP) Someone forgot to tell the police escort that the Bishop was Methodist.

The escort was arranged for the 15-mile trip from Kansas City to Liberty when Bishop Eugene M. Frank's plane landed at Kansas City behind schedule.

The escorting patrolman, told only that Frank was a bishop, led the caravan to St. James Catholic Church, seven blocks from Liberty Methodist.

The wrong turn was soon righted and the St. Louis bishop pulled up in time for the service in his honor.

# Sacred Heart School Addition Is Dedicated Sunday Afternoon; Bishop Marling Attends

DEDICATORY SERVICE—Bishop Joseph M. Marling, of the Jefferson City Diocese, conducts a special dedicatory service Sunday afternoon at Sacred Heart Church in a program celebrating the opening of the new addition to Sacred Heart School. An

honor guard of Knights of Columbus is standing at the front of the congregation, and behind them are the girls and boys in the communion class of 1957. The service began after a procession from the new school addition, shortly after 4 p.m.

## Wrecks Cause Total Damage Over Weekend

Two cars were demolished on North Highway 65 within two miles of each other Saturday night in a period of about five hours. The drivers of both automobiles were issued Patrol summons to appear before Judge Frank T. Armstrong in Magistrate court.

The first accident occurred at 9:15 p.m. Saturday night when a 1957 Chevrolet sedan, driven by Claude Noble Jr., 33, Fort Leonard Wood, at the top of the Heath Creek Hill, left the road.

Noble was headed south on the highway and driving at what Trooper Robert Stockell said was excessive speed and lost control of the car. It went off the pavement and backwards down an embankment and crashed into a tree.

The entire back of the car and the top was caved in by the impact with the tree.

James T. Spinks, 31, Ft. Wood, a passenger in the car, received minor injuries. They were both taken to the Whiteman AFB hospital for treatment.

Chamberlin's wrecker towed the car to Sedalia.

The second accident occurred at 2:05 a.m. Sunday just south of County Highway BB, as a 1956 Ford sedan driven by Carl Dean Miller, 26, Marshall, went out of control as he went around a curve.

The car bounced from the south embankment and rolled over and back on to the highway and then off the highway again and into the ditch cross-wise, but upright.

Passengers in the car were Miss Ruth Wiley, 29 and Miss Mary Ann Case, 18, also of Marshall. All three suffered minor abrasions and bruises but did not go to a hospital for treatment.

The car was taken to Marshall by the Vawter wrecker.

## Correction

More rain is forecast, and we have been gently reminded that, hot or cold, moisture is one thing that does not deserve a single note of the blues. Welcome!

Widely scattered showers tonight; partly cloudy and continued mild Tuesday; low to night in lower 40s; high Tuesday in lower 60s.

The temperature at 7 a.m. was 42, 53 at 1 p.m. and 54 at 2 p.m. Low Sunday night 37.

The temperature one year ago today, high 79, low 43; two years ago, high 84, low 45; and three years ago, high 76, low 57, with .65 inch of moisture.

Stage at Lake of the Ozarks 54.3 down .02.

PROCESSION BEGINS—Bishop Marling, in ceremonial robes, leaves the new school addition at the start of the colorful procession to Sacred Heart Church for the special dedicatory service. A Knight of Columbus may be seen at left, the Knight's honor guard prepared to take part in the procession. The bishop gave his blessing at the service and also discussed the work in the parish in general.

## Senate Passes Bond Interest Increase

WASHINGTON (AP)—The Senate today passed after only 10 minutes debate the bill increasing the interest ceiling on government savings bonds to 3 1/2 per cent.

The bill goes back to the House which passed the measure in a form permitting a 3 per cent ceiling. President Eisenhower originally asked for a 4 1/2 per cent limit on the series E and H bonds. That would permit raising the return on savings bonds to the same limit set for other government obligations.

## House Not In Session

# Missouri State Senate Enters 'Make or Break' Session Time

JEFFERSON CITY (AP)—Only one section of the Missouri legislative express is running this week. The Senate came back to work today but the House is taking a pre-Easter vacation.

With only seven weeks of the five-month session remaining, this will be "make-or-break" week in the Senate for many bills. Members were warned last week that this may be the last chance for them to act on Senate bills before emphasis shifts to the big batch of House bills awaiting action.

The Senate Appropriations Committee heard testimony on most of the major money bills in four

## First of Five Part Series on Biblical Sites Begins Today

Beginning today on Page 7, The Democrat-Capital presents a special Easter feature entitled "He Was There," a five-article series on Biblical sites, their past importance and their present appearance. Associated Press Correspondent Wilton Wynn has written the impressive descriptions, and each article is illustrated with photographs taken by Mrs. Wynn.

## Warmup, Moisture Seen for Missouri

KANSAS CITY (AP)—A warmup and the prospect for some showers in Missouri's forecast.

The weatherman sees widely scattered showers tonight with showers or thunderstorms in the south and east Tuesday.

After lows in the 40s tonight, the mercury is expected to hit in the 55-65 bracket Tuesday afternoon.

The long range forecast indicates showers Wednesday and again about Friday or Saturday.

## Special Service, Banquet Highlights of Program

A very impressive dedication service of the new Sacred Heart School building was held at 4 o'clock Sunday afternoon in the hall of the building when the Most Rev. Joseph M. Marling, bishop of the Jefferson City diocese, gave his blessing.

A colorful procession from the school to the church followed, led by the cross and acolyte lights, then the children of the communion class of 1957, the little boys in dark blue serge suits and little white shirts and the girls in white dresses with little white veils.

The clergy and the Rt. Rev. Monsignor D. J. Mulcahy in purple robe and cape preceded Bishop Marling, who wore a white robe, hat and cape with bright colored embroidery.

With the bishop was the honor guard of 4th degree Knights of Columbus, in black formal dress with black capes lined in red and black hats with white plumes. Members of the honor guard were Maurice Hogan, sergeant of the guard, Cliff Barr, James T. Denny, Ralph Becker, Frank Mehl, Kay Downs, Harry J. McNamara, Jr., Adolph Belker and Larry Riley.

The laymen then fell into the procession from the school on to the church for Holy mass of Thanksgiving by the bishop, who also gave an inspirational talk on the achievement of the parish, the sisters and the importance of their vocation, and the clergy.

At 5:30 the dedication banquet was served in the cafeteria of the new building to more than 500 people.

Toastmaster of the evening was the Rev. G. Pelletier, C. P. S., assistant pastor at Sacred Heart.

The blessing was given by the Rev. J. T. Nolan, pastor of St. Patrick's Church, followed by the singing of the national anthem.

After the banquet, served by the Altar Society, a musical program was presented. The Sacred Heart School Glee Club, Sister Everidis, director, sang "The Whiffenpoof Song" with Rita Geiser as accompanist; and "Stodda Pampa" and "O Bona Jesu" a cappella. A sextette from the glee club composed of Gloria Robb, Caroline Weimholt, Martha Berlin, Rita Geiser, Carol Moser and Rose Moriarty sang "Danny Boy" and "Kerry Dance," and a trio composed of Sue Keller, Linda Wiesing and Janet Harper sang "He" and "The Banana Boat Song." Mrs. Earl Paxton was the accompanist.

The welcome address was given by the Rev. A. J. Brunswick, C. P. S., pastor of Sacred Heart, who said that there was much to be thankful for and too often we forget it.

"This building," he said, "is dedicated to those we love most, the children and youth of the parish."

He stated that many had cooperated — the architect, the contractors, and others — to do their best. He then regretted that Arthur Schwarz of the Schwarz and Sammons firm of architects was unable to be there, but introduced the creator of the plans, Burl Sammons and Mrs. Sammons.

Then he introduced the heads of the contracting company, W. C. Cramer and Mrs. Cramer and Carl Schrader and Mrs. Schrader, and George H. Scruton, editor of The Sedalia Democrat-Capital, Mayor J. H. Bagby and Bishop Marling, and gave praise to the people of Sacred Heart whose sacrifices financially made the beautiful building possible.

Mayor Bagby, in behalf of all the citizens of Sedalia, expressed congratulations and stated that he lived close to the new building and had watched it going up. Mayor Bagby told the group that Sedalia was proud of the new building they had built.

Father Pelletier then paid tribute to the sisters of the Precious Blood who contributed so much in the education of the Catholic children. He then introduced Ven. Sister M. Rosita, C. P. S., superior, and Ven. Sister M. Rosella, C. P. S., principal.

He also introduced Eldred Menefee, chairman of the trustees, who recently replaced Claude L. Boul, whose term as trustee had expired. Other trustees introduced were Mike O'Connor, William K. Gibson, Arnold Fischer, Tom Hurley and Joe Wiesing.

Members of the parish choir, directed by Claude Boul, sang "Meet Me Tonight in Dreamland," "If I Had My Way" and "Battle Hymn of the Republic." Members of the choir singing were Al Domigugue, John Vanderkamp, Larry Wanserski, Paul Rialti, Charles Genges, (Please turn to page 2, Column 6)

## Rev. Croxton Resigns His Pastorate

Rev. Croxton

The Rev. Thomas W. Croxton, who for the past 12 1/2 years has served as pastor of the First Baptist Church, presented his resignation to his congregation Sunday morning effective July 1.

Mr. Croxton, who came to Sedalia Nov. 1, 1944, is retiring from active pastoral work and with Mrs. Croxton, will go to Jefferson City where they will build a new home. Feeling that a minister when leaving the pastorate of a church should go to another town that he might not hinder in anyway the new pastor in serving the congregation of the church where he has accepted his call, Mr. Croxton chose to live in Jefferson City. He will serve as supply pastor on Sundays at different churches over the state when it is convenient for him and will hold meetings and conferences at different times.

The Croxtons came to Sedalia from Monticello, Ark., where he had served the Baptist Church there as pastor for 10 1/2 years. Prior to that he was head of the department of Bible and Religious Education at Ouachita College, Arkadelphia, Ark. He served for a while as an editor on the Baptist paper in Arkansas and also on the Baptist paper in Missouri.

Many things have been accomplished since Mr. Croxton came to Sedalia and in the last three years the church has been working along three lines. A mission was established at 16th and Hancock and has now been developed into a new church. The First Baptist Church has an investment of \$1,500 in that church. Recently the church has purchased a lot at Fourth and Gentry for development of a new chapel there. A house and lot have been purchased located on the east side of the church and the church is trying to secure another lot on the east. Plans are to erect either an educational building or a new auditorium.

The church is in a growing state. Mr. Croxton said, and granted letters to 115 people for the church at 16th and Hancock. The financial income has grown from about \$18,000 to \$65,000. A third of the income goes to missions. This church, he said, is one of the top 17 churches of the state in contributions to cooperative mission work.

The Croxtons have not only been popular with the church congregation here but with the entire city, taking active part in many civic affairs. Mr. Croxton is president of the Rotary Club, is a member of the Chamber of Commerce, a member of the Red Cross board and a member of the United Fund board. Mrs. Croxton is a past president of Garden Club No. 3, a past regent of Osage Chapter, Daughter of the American Revolution, a member of Sorosis, and Helen G. Steele Music Club. They have made many friends in Sedalia and regret leaving but, Dr. Croxton said, Jefferson City isn't very far away and they will be coming back occasionally.

## Have Christmas Mail Rush in Mid-April

NEW YORK (AP)—It was a Christmas mail rush in mid-April for New York's postmen today.

Letter carriers struggled out on their routes with an estimated 20 million pieces of mail accumulated during the post office's week-end deficit holiday.

## OBITUARIES

### Robert A. Kane

Robert A. Kane, 7324 Horton St., Overland Park, Kansas, died Friday night at Doctors Hospital, Kansas City, Mo., after a heart attack Friday at his office in the federal building.

Mr. Kane was a special agent of the Internal Revenue service for 21 years. He was a lieutenant commander in the naval reserve and was administrative officer of Squadron VF-883.

He was member of St. Mark's on the Santa Fe Trail Methodist Church in Johnson County. Mr. Kane was an alumnus of the University of Kansas law school. He was a member of Phi Alpha Delta law fraternity.

Surviving are his wife, Mrs. Doris J. Kane, a daughter, Linda Lee Kane, and a son, Bruce Kane, all of the home; his father, Alfred B. Kane, 3124 Penn. Kansas City and a sister, Mrs. Emma Gardner, 721 West Fourth, Sedalia.

Funeral services will be held at 1 p.m. Tuesday at St. Mark's on the Santa Fe Trail Methodist Church.

Burial will be at Ft. Leavenworth.

### Robert Edward Hasse

Robert Edward Hasse, one-year-old son of Mr. and Mrs. Edward Hasse, 1611 South Lamine, died at 1:30 p.m. Sunday at the home.

He was born March 29, 1956. Besides his parents he is survived by his paternal grandmother, Mrs. Anna Hasse, 1207 East Broadway, his maternal grandmother, Mrs. Archie Jones, Warsaw, and a maternal grandfather, James Mathewson, Oakdale, Calif.

The body was taken to the Gillespie Funeral Home, where funeral services will be at 2 p.m. Tuesday, the Rev. Walter Strickert, pastor of St. Paul's Lutheran Church, to officiate.

Burial will be in Memorial Park Cemetery.

### Jonathan M. (Pop) Cramer

Jonathan M. (Pop) Cramer, 64, well known Sedalia, died at his home, 621 West 15th, at 8:30 a.m. Sunday. He had been in failing health for the past two years.

Mr. Cramer was born in Morgan County, near Florence, July 23, 1892, son of the late Elijah and Angeline Johnson Cramer. His boyhood was spent in Morgan County.

November 4, 1915, he was married at Sedalia to Miss Mamie Griffith. They were the parents of four children. Mr. and Mrs. Cramer have lived all of their married life in and near Sedalia.

Mr. Cramer was preceded in death by his only sister, Mrs. Cora Kueck, a number of years ago. Until his health failed he was employed as a carman at the Missouri Pacific shops.

Funeral services will be held at 2 p.m. Monday at the McLaughlin Funeral Chapel for Mrs. Anna S. Kroencke, who died Thursday at the home of her daughter, Mrs. Edward Hoffman, 300 West Fifth.

The Rev. Leonard Reifel, pastor of the Federated Church, officiated. Mrs. C. D. Demand and Mrs. Frank Yeager, with Miss Mabel DeWitt at the organ, sang "What a Friend We Have in Jesus" and "Shadows."

Palbearers were Leonard Kroencke, Ed Laubner, E. Brauer, Leonard Miller, John Kroencke and Lloyd Elliott.

Burial was in Crown Hill Cemetery.

### Mrs. Anna S. Kroencke Rites

Funeral services were held at 2 p.m. Monday at the McLaughlin Funeral Chapel for Mrs. Anna S. Kroencke, who died Thursday at the home of her daughter, Mrs. Edward Hoffman, 300 West Fifth.

The Rev. Leonard Reifel, pastor of the Federated Church, officiated. Mrs. C. D. Demand and Mrs. Frank Yeager, with Miss Mabel DeWitt at the organ, sang "What a Friend We Have in Jesus" and "Shadows."

Palbearers were Leonard Kroencke, Ed Laubner, E. Brauer, Leonard Miller, John Kroencke and Lloyd Elliott.

Burial was in Crown Hill Cemetery.

### Mrs. Julia Canning Services

Funeral services for Mrs. Julia Canning, 87, former Sedalia resident who died at a Jefferson City Rest Home Friday night, were held at 10 a.m. Monday at the Gillespie Funeral Home, the Rev. Thomas W. Croxton, pastor of the First Baptist Church, officiating.

Mrs. Del Hecker played organ music.

Palbearers were from the Gillespie funeral staff.

Burial was in Crown Hill Cemetery.

### Harry E. Muir Services

With the Rev. Edward Sims, Calvary Episcopal parish, officiating, funeral services will be held at 2 p.m. Tuesday at the McLaughlin Funeral Chapel for Harry E. Muir, 93, former Sedalia, who died at DeLora Nursing Home, Kansas City, Saturday.

He had been making his home with a daughter, Mrs. Lucille Renfrow, the past year.

Mrs. Jack Herndon and Mrs. M. O. Stevens will sing "Rock of Ages" and "Abide With Me." Mrs. James Atkinson will be at the organ.

Palbearers will be Robert W. Rapp, Arthur Phillips, Lloyd Luckey, John Kutz, Lawrence Mehl and James Atkinson.

Burial will be in Memorial Park Cemetery.

The body will remain at the McLaughlin Chapel until after services.

## Warmer Weather Seen For Most of Nation; Showers in the West

By THE ASSOCIATED PRESS  
Warmer, more springlike weather was in the works today from the Great Plains to the Atlantic and mostly fair skies prevailed east of the Mississippi River.

Mostly cloudy skies were indicated for the plains states with scattered showers forecast for the extreme northern and southern fringes of the area.

The far Southwest and southern Pacific Coast was expected to be generally fair.

Scattered showers were in the works for most of the Pacific Northwest and the central Rocky Mountains.

south Pacific shops.

Mr. Cramer is survived by his wife, Mrs. Mamie Cramer; one daughter, Mrs. Rudy Swope, 1406 West Fourth Street; three sons, Truman Cramer, 323 North Prospect, J. M. Cramer, 1710 West Ninth Street, Dale D. Cramer, Tulsa, Okla., and eight grandchildren.

Funeral services will be held at the Ewing Funeral Home at 2:30 p.m. Tuesday.

The Rev. Earl L. Omans will officiate.

Burial will be in Crown Hill Cemetery.

The body is at the Ewing Funeral Home.

### Mrs. Anna S. Kroencke Rites

Funeral services were held at 2 p.m. Monday at the McLaughlin Funeral Chapel for Mrs. Anna S. Kroencke, who died Thursday at the home of her daughter, Mrs. Edward Hoffman, 300 West Fifth.

The Rev. Leonard Reifel, pastor of the Federated Church, officiated. Mrs. C. D. Demand and Mrs. Frank Yeager, with Miss Mabel DeWitt at the organ, sang "What a Friend We Have in Jesus" and "Shadows."

## Answer to Previous Puzzle

DEDICATION BANQUET—Bishop Joseph M. Marling, of the Jefferson City Diocese, speaks at the special banquet Sunday evening in the

basement of the newly-dedicated addition to Sacred Heart School. More than 500 attended the banquet.

## Sacred Heart

(Continued from page one)  
Dick Esser, Joe Wiesing and M. J. Ressel, with Mrs. Paxton as accompanist.

The principal address of the evening was made by Bishop Marling, who stated that it would soon be 20 years since his first visit when he became Father Provincial of the Precious Blood, and since then has been back many times. Each trip, he said, has been a joy and this was the greatest of all. He went on to say that the spirit of the parish is contagious, it is unsurpassed.

Then Bishop Marling paid tribute to Miss Frances Winter, housekeeper at the parish, and told of her great value in the parish. Again he spoke of the sisters and the wonderful part they play in the school. He said that recently he was on a visit to Chile where he met the first four sisters of the Precious Blood to go to Chile and the Mother Provincial, he said, was from this area — Cole Camp.

The speaker went on to tell of the church in the United States which is divided into dioceses and in the dioceses are parishes. When one visits in South America there is not the faith as in the U.S., because there are no parishes. He stated that the Holy Father likened the parish to a family and said that as individuals many things cannot be accomplished, but together much can be achieved.

The country, he continued, is growing at a rapid rate and the Catholic faith is keeping pace. With the fine spirit always characterized in this parish, nothing is impossible. To toil for the parish is to toil for the church, for God Almighty, he said.

Members at the clergy table were: the Rev. John Murphy, the Rev. Gottlieb Steinwach, the Rev. G. L. Poelker, the Rev. Kenneth McConnell, the Rev. John B. DeAngelis, the Rev. W. K. Pilecki, the Rev. J. W. Jaworski, the Rev. Guido Nardoni, the Rev. Joseph Lorenz, the Rev. Francis H. Gallen, the Rev. Thomas D. Sullivan, the Rev. Robert T. Arnold, the Very Rev. Harold Beeler, the Very Rev. Monsignor John P. Flood, the Rt. Rev. Monsignor D. J. Mulcahy, the Most Rev. Joseph M. Marling, the Rev. A. J. Brunswick, Mayor Julian Bagby, the Very Rev. Francis P. Crane, the Rev. Joseph T. Nolan, the Rev. G. P. Pelletier, the Rev. Paul V. Kertz, the Rev. Lawrence E. Bray, the Rev. Michael N. Schaller, the Rev. Peter B. O'Rourke, the Rev. William F. Harris, the Rev. Michael, the Rev. Fred Barnett, the Rev. J. H. Schraeder, the Rev. D. S. Tarleton, the Rev. James Steidel, the Rev. N. J. Arens, the Rev. Charles Pfeiffer and a La Salotte Father.

The program concluded with

## Sedalia

(Continued from page one)  
ily home, 17 grandchildren: one great-grandchild, and three brothers, Golder M. Payne, H. Ben Payne and Les. F. Payne, all of Route 5, Sedalia. She was preceded in death by her parents, a sister and three brothers.

The body was taken to the Neumeier Funeral Home, Smithton, and from there will be brought to the McLaughlin Funeral Chapel late Monday.

The body will lie in state there and funeral services will be at the chapel at 3:30 p.m. Tuesday, the Rev. E. L. Rathert, pastor of the Smithton Methodist Church, to officiate. Music will be by members of the Smithton Methodist Church choir.

Burial will be in Memorial Park Cemetery.

singing by the Glee Club, the benediction by Bishop Marling, and all singing "God Bless America."

The tables were gay with three large arrangements of red carnations and greenery on the speaker's table with burning red candles in three-branch crystal candelabra on either side of the centerpiece, and a lighted candle in a crystal holder at either end of the table. All the other tables had crystal vases with red carnations at intervals and at each place was a small red carnation boutonniere. The decorations were in red and white, the school colors, and the carnations were a gift of the school alumni.

## Stitch, Chatter Club Presents Style Show

A style show was presented by the newly organized Stitch and Chatter Club Wednesday, April 10, at Freewill Baptist Church when members of the club modeled clothes they had made themselves, in colorful cottons and other new materials. These included dresses for all occasions. Their children, also, served as models for the fashion show wearing cunning cotton and organdy frocks and Ivy League suits. Mother and daughter dresses, too, were shown.

The stage was attractively decorated for the show with crepe paper in the club colors of green and white and arrangements of spring flowers and potted plants. Mrs. D. F. Richards was narrator.

A program was presented by Mrs. Lyman Parks, program chairman, which included a song "Anyhow On My Way to Heaven" by Mrs. J. E. Erickson; a vocal solo by Mrs. Emmett Jackson, "Trees" and Roy Cox singing, "Because." They were all accompanied by Mrs. Kathryn G. Rayford. Mrs. Draymon Crawford played an instrumental number, "Arbutus".

The program concluded with all singing the club song, "Stitch and Chatter" the words of which were written by Mrs. Rayford.

In addition to the style show there was an exhibit of quilts, pillow cases, embroidered scarves and other articles made by the members.

Mrs. Amos Virgil gave a short talk on the club.

A capacity crowd attended the fashion show and the proceeds will be used for charity.

## McKeehans Entertain At Potluck Supper

Mr. and Mrs. J. F. McKeehan, LaMonte, entertained the Past Matron and Patron Club of Knob Noster Chapter No. 106 OES at their home Tuesday with a pot luck supper at 7 p.m.

Virgil Atwell presided over the business meeting and new projects were chosen and committees appointed.

Games were played with Mrs. Merle Matthews and Mrs. McKeehan in charge.

Each member was given a flower bulb as a favor.

Thirteen members and one guest, Leroy McKeehan, were present.

A watermelon feast will be held in July at Grover Park with Mr. and Mrs. Virgil Atwell as hosts.

## Claim Red Guerrillas Have Been Wiped Out

SEOUL — National police claimed today that for the first time since the Korean War ended more than 3½ years ago, Communist guerrillas have been wiped out in South Korea.

The police said they arrested the last two guerrillas last month on Cheju Island, off the southwestern tip of the peninsula.

The pair, Oh Wun Kwun, 41, and his 22-year-old woman companion, Han Soon Ae, were brought to police headquarters in Seoul this week for questioning.

Police Director Suh Chung Hak said the once-large Communist guerrilla force now is completely out of existence.

Both Oh and the woman claimed they had been held against their will by a guerrilla chief recently shot to death. Police said no action would be taken against them and they would be allowed to return to their families on Cheju.

## Passover for Jews Begins at Sundown

NEW YORK — Passover begins at sundown today for Jews throughout the world.

The Festival of Freedom commemorates the Hebrew Exodus from Egypt. Orthodox and conservative Jews observe the season for eight days, and Reform Jews for seven.

The first Passover supper, or Seder, will bring Jewish families together tonight. The meal consists of foods symbolic of the time of the Exodus.

In a Passover message to American Jews, Prime Minister David Ben-Gurion of Israel said yesterday he expects as many as 120,000 Jewish refugees to enter his country this year. He urged Jews to "do everything in their power" to help the refugees.

## PTA Councils Have Instruction School

The Pettis County and Sedalia PTA Councils held a school of instruction Thursday, April 11, at the First Baptist Church.

Mrs. Earl Gregory, president of Pettis County Council, and Mrs. Sam Knapp, president of Sedalia Council, presided at the meeting.

Mrs. Charles Poynter gave the devotional. Group singing was led by Mrs. T. E. Owens with Mrs. Jack Herndon at the piano.

Mrs. W. W. Townsend, Clinton, from the Missouri Congress of Parents and Teachers and chairman of procedure and by-laws was the speaker and in charge of the school of instruction.

Unit member participated in the question period.

A social hour was also held.

## Officials Fear Flash Flood Swept Many Persons Out to Sea

GUAQUIL, Ecuador — Officials fear many persons were swept out to sea by a flash flood which swept through the town of Jipijapa. Twelve bodies were recovered, but authorities said as many as 100 persons may have drowned.

Five feet of water poured through the town in central west Ecuador, near the Pacific coast, yesterday after a dam on the San Vicente River burst in the wake of torrential rains. Houses, vehicles, livestock and trees were swept into the ocean.

Three bridges and a power plant were destroyed. Jipijapa was reported without drinking water or communications. The army rushed first aid supplies, food and clothing to the town.

## Telephone Discussed By Mrs. H. Pittman

Marvels of communication connecting people from one part of the country with another and even direct personal conversation among people in one part of the world with another has become everyday business stated Mrs. Harold Pittman at the recent meeting of Circle No. 2 of the First Christian Church. The meeting was held at the home of Mrs. L. J. Harned, 1314 South Carr.

She went on to say that as many as 30,000 telephone calls are made between Newfoundland and Scotland each month. Long distance calls which use to cost \$50 for three minutes now can be made for only a few dollars. It is expected that Sedalia will be able to dial direct long distance calls Dec. 1. Mrs. Pittman illustrated her talk with pictures.

Mrs. A. B. Burke gave the devotional using for her theme the candle as a symbol of light shining over the world lighting our way and the Bible as the guide for all. Mrs. J. C. Connor, Mrs. A. B. Burke and Miss Hazel Barnett were co-hostesses.

## Terrice Knight Has Fourth Birthday Party

A birthday party was given on April 6 for Terrice Marie Knight at the home of her grandparents, Mr. and Mrs. C. F. Wicker, Houstonia. The party was given by her mother Mrs. Thomas C. Knight of Sedalia. It was Terry's fourth birthday.

A multitude of colored balloons furnished the decorations. The refreshment table centerpiece was a decorated birthday cake, a gift from Mrs. John Fitzgerald. Each guest was served ice cream, individual pink cup cake, decorated by a single lighted candle, and orange punch. Favors at each plate were gaily wrapped candies, chewing gum and whistles. Games and prizes were enjoyed by the group, wearing festive party hats. The balloon decorations were divided among the guests.

Those attending were Jeannie, Jan and Windy Kleager, Cindy Wicker, Peggy Coe, Mrs. Leo Kleager, Mrs. C. W. Wicker, Randy Knight all of Sedalia, Vickie Lynn Dawson and Mrs. Earl Gregory, Houstonia.

## Retired Employees Form Organization

A new chapter of the National Association of Retired Civil Employees was organized in Sedalia Friday, April 12, at the home of G. A. Smith, 1106 South Ohio.

R. L. Weinrich was elected president. Other officers are: vice-president Charles T. Plumlee, and secretary-treasure, M. L. Edwards. The purpose of the organization is to promote the general welfare of civil annuitants together with constructive social and civic activities.

The new organization is anxious to have all who are eligible in the community to become members.

### Ponies Too Popular

TOLEDO, Ohio — Pony rides are being discontinued at the Toledo Zoo. Crowds run 8,000 to 10,000 a day and the five Shetlands just can't accommodate all the children who want to ride them.

And, too, says Zoo Director Phil Skeldon, the ponies get such a workout that their appetites would do credit to draft horses.

## Sedalian Is Named To Eastern Star Posts

Mrs. Christina D. Richards, 504 West Pettis, was elected Most Ancient Matron of Heroines of Jericho, Star of West Court No. 77, in Kansas City on Thursday. She returned to Sedalia Friday.

Mrs. Richards also received a certificate of appointment as co-chairman of international scholarship funds for Liberia and West Africa from the international conference of grand chapters, Order of Eastern Star, Prince Hall affiliation Free and Accepted Masons.

## Celebrates Her 98th Birthday With Party

Tuesday, April 9, was a special day at the Community Nursing Home. The oldest resident, Mrs. Alice Hahn, was celebrating her 98th birthday.

An only son, Charley Hahn of Traver, Calif., was with his mother for the occasion. A niece, Mrs. Mable Rasa, 1214½ South Massachusetts, baked two large angel food cakes and her son and nephew, Otto Eldenburg, Florence, brought ice cream for all the residents of the home and staff members.

Miss Dora Todd of Clifton City, furnished special music on her accordion and sang "Supper Time," "Have I Done My Best for Jesus" and "In the Shadow of the Cross." Other selections were played on the electric organ.

A selection of religious hymns were dedicated to her over KSIJ that morning. Aunt Alice, as she is called, certainly enjoyed those songs.

# Nature's Been Good To Us

Some Sedalians are so accustomed to sunshine and dry weather that they continue to describe a rainy day as "bad weather." After such utterance a few apologetically correct themselves.

Around the clock by months and years Central Missouri weather is diversified with only occasional violence, so it seems this part of the country ought to do precious little complaining about recent heavy rainfalls, murky and foreboding skies, or even about the uncomfortable summer days which soon will be with us.

For one reason this area has not been afflicted with anything like blizzard weather experienced in our western neighbor states; tornadoes in the southland which came close enough to some Sedalia travelers to scare them a bit;

or the earth rumblings of California which are so terrifying and like tornadoes, destroy millions in property; or the hurricanes of Florida and the east coast about which we haven't heard much this season.

So all in all when the sun doesn't shine as we want it to, or it shines too hot, or the wind blows down a trellis or slams a door, breaking glass: when these and many other minor weather irritations afflict us here in Central Missouri, we should remember to be thankful it could be worse.

No matter where you travel in these United States or the world, it's well to remember nature has been mighty good to all of us in these parts to which we always return from a journey with great expectancy that nature will continue to be so charitable with us and you all.

## The Washington Merry-Go-Round

### Hall Asked Beck For Trucker's Support

by DREW PEARSON

WASHINGTON—Newspaper denials are a dime a dozen in Washington these days. They are the easiest statement for a politician to make. He knows the denial will get headlines and half the public will believe it. The other half won't. Final result: Nobody quite knows the truth.

Last week Len Hall, ex-chairman of the Republican National Committee, issued a ringing, righteous denial that he had ever solicited the help of Dave Beck in the last campaign. A statement to the contrary had come from Arthur Condon, personal attorney for Beck.

Mr. Condon is a highly reputable attorney. He does not lie. Therefore, who was telling the truth.

The answer took some probing, but is highly interesting. Technically Len Hall was telling the truth. In a broader sense, Condon was. Hall did not seek Dave Beck's support for Eisenhower; he already had it. He was seeking Dave Beck's support in getting the trucking industry to support Eisenhower.

Beck has always been a Republican, and, as Teamsters' executive vice president, had begun to buck his late boss, Dan Tobin, and the latter's ardent FDR friendship.

Len Hall, therefore, appealed to Condon to get Beck's help in putting the trucking industry behind Ike.

#### Sherman Adams Phoned

Condon is the attorney not only for Beck, but the independent advisory committee to the trucking industry. Hall knew this. He also knew that the truckers in Washington state were supporting Sen. Warren Magnuson, Democrat, and in Oregon, Sen. Wayne Morse, Democrat. He knew that campaign contributions hadn't come in from the truckers as expected. So Hall appealed to Condon.

There followed a meeting right inside the White House in the office of Assistant President Sherman Adams. Present were Hall himself, Beck, Adams, Condon; Bert Seymour, who is head of associated transport and also of the advisory trucking committee; Walter Carey, former head of the American Trucking Association; and Roy Fruehauf, head of Fruehauf Trailers.

At the meeting it was proposed that certain things be done to placate the trucking industry, then irked at Ike over Secretary Weeks' transportation report favoring the railroads, at the taxes placed on truckers in the highway bill, and at the tight money policy, which, though not aimed at truckers, hurt them.

It was finally agreed that the Weeks transportation policy and the highway bill were water over the dam, but that something could be done about hard money. Sherman Adams, therefore, got on the phone to Wendell Barnes, head of the Small Business Administration, and told him to ease credit for truckers.

Barnes then set up a task force, which resulted in relaxing small business loan requirements for truckers.

It was also proposed that Beck and Fruehauf go to Puerto Rico and make some pro-labor speeches which, it was figured, would influence the Puerto Rican vote in New York City. This, however, never came off.

Beck and most of the truckers, however, threw all their weight behind Ike, and Hall was grateful.

#### Build-Up for Beck

He was so grateful that in December, after Ike had won, he got in touch with Condon, told him he was leaving as chairman of the GOP sometime in February, but had talked over with Sherman Adams the idea of building up Dave Beck. He said that Richard Guylay, his as-

sistant on the Republican National Committee, was also leaving to go into public relations and might take on the project of making Beck the great Republican labor leader.

It was definitely agreed, therefore, that Guylay would come to work with and for Beck as soon as he resigned, which was to be in February. The talk was in early December.

Late in December when the first rumblings leaked out of the McClellan committee that Beck might be in trouble, there was further discussion with Hall, when it was agreed that the White House would find a foreign assignment for Beck which would make him a knight in shining armor, above politics.

This was why Beck went abroad so confidently and stayed there.

His appointment as an international labor organization delegate was already in the works, but he was promised something above and beyond this. As late as three or four days before Beck abruptly returned to the USA, Secretary of Labor Mitchell told Condon that Eisenhower didn't want Beck relieved, and that the ILO appointment would stand. He did caution that the State Department might have the final word.

In the end, however, Mitchell himself took the initiative in dropping Beck.

During the discussions of last fall and summer, incidentally, Len Hall all knew that Beck had income tax difficulties. But there seemed to be a comfortable feeling that this was only a civil case and all would be settled.

There are two epilogues to the story: 1. When Beck's friends finally got together with Guylay on Feb. 14 to discuss the public relations job he was going to do for Beck, Guylay said he was sorry, but he couldn't do anything for a labor guy. He had thought, he said, he was going to do a job for the trucking industry.

2. In the Teamsters headquarters hangs a photo of Beck, Eisenhower, Fruehauf, Condon and Seymour, taken in those halcyon days last fall when Beck was running in and out of the White House every week and everyone was calling him "Dave."

## The Right To College?

The college entrance boards will soon be mailing out their acceptances and what a group of disappointed young hopefuls there will be along with their parents who are loyal alumni of the college of their choice.

It is estimated only one-half of the students who apply to the Ivy League colleges are accepted. No longer are the sons of alumni accepted on that basis alone. The gentleman's "C" average is no longer a hereditary right to get into his father's college. The private colleges are choosing their students more carefully and are sending recruits out all over the country to select only the bright and alert students from all sections of the country. He does not have to be rich but he must be worthy. In 1910 only 10 per cent of the students at Harvard applied for financial aid, now 50 per cent do. In 1947 the ratio of private to public school graduates at Yale was three to two, now it is two or three. The aptitude tests are gaining over the old cramming text book preparation and more emphasis is placed on students capable of doing honor work.

In America there should be good colleges enough for all students who really are college material. Many students could do well with only a Junior College degree while many others must and should go on for graduate work. It is becoming very necessary for the best colleges and universities to pick and choose. One has to be really a good student to be admitted.

## No Exemptions

Traffic safety officials and a lot of ordinary citizens will be glad that President Eisenhower has ordered his Secret Service drivers never to exceed the speed limit hereafter.

There is no reason to doubt him when he says he had no idea his car was traveling 70 miles an hour on a recent trip to Gettysburg. But he undoubtedly knows as well as the next fellow that that is no excuse. Surely no traffic officer would accept it from an average motorist. Maybe in the end the incident will have proved beneficial if it serves to emphasize that no one, no matter how important or influential, should be exempt from the traffic laws. For in this dangerous field, exemptions can spell death.

## Thought for Today—

So we, being many, are one body in Christ, Romans 12:5.

Who can know heaven except by its gifts? and who can find out God unless the man is himself an emanation from God?—Marius.

The World Today

## Two Questions About Norman Remain

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — It is 11 days since E. Herbert Norman, Canadian diplomat accused at an American Senate subcommittee hearing of being a Communist, committed suicide in Egypt. He was his country's ambassador there.

Two questions remain: Was he a Communist? What was the real purpose of the hearings? Norman killed himself after the Internal Security subcommittee released records of two March hearings in which he was flatly called a Communist in the present tense.

There are contradictions in this story. The best way to approach it is from the beginning. Norman was first linked with Communism at a 1951 hearing by Dr. Karl W. Wittfogel, a college professor and onetime Communist.

He said he met Norman in a Communist study group in 1936 at Cape Cod. He said Norman was a Communist. Except for saying it was "obvious," he never explained how he knew.

But Wittfogel was a mixed-up witness. That didn't become known until this month, six years later, when Robert Morris, counsel for the subcommittee, said Wittfogel had not met Norman in

1936 at Cape Cod but in 1939 at Columbia.

This writer has gone through the voluminous volumes of the subcommittee hearings back to Wittfogel's testimony in 1951 and, with one exception, could find no instance where one other person ever said Norman was a Communist.

The exception was Morris himself. One thing was clear from reading the hearings: If Norman was not a Communist, he played around with them.

Canada's foreign secretary, Lester B. Pearson, stoutly defended Norman. He said Norman had been investigated in 1951, after Wittfogel's testimony, and had been found loyal to Canada.

Pearson admitted that Norman in his youth had had Communist associations. But when asked twice point-blank on the floor of the House of Commons if Norman was a Communist, Pearson refused to answer.

The story moves up to March 1957. John K. Emmerson, a State Department career diplomat who had been investigated by his department in 1952 and cleared of any suspicion of communism, was called before the subcommittee to testify.

In 1944, when his specialty was psychological warfare, he was assigned by the State Department to Chinese Communist headquarters in Yenan. The Chinese Reds were using Japanese Communist prisoners for propaganda against their own people.

Emmerson wrote a memorandum to his superiors suggesting the United States use Japanese prisoners for propaganda against Japan too. A copy of this note was found by the subcommittee staff last year.

On March 1 Sen. Jenner (R-Ind.), a subcommittee member, told the Senate Emmerson had "slanted" his reports from China. Emmerson was called to testify, which he did on March 12 and 21.

During his explanation of the note and his later activities in the

war, he mentioned meeting Norman, whom he had known since 1940, in Tokyo in 1945. Under constant questioning by Morris, Emmerson said he had no reason to suspect or believe Norman was a Communist.

But Morris, all primed with information on Norman, said, "We have quite a few security reports which have a great deal of information to the effect that he (Norman) is a Communist." He read from a document identified as "from a U. S. government executive agency security report."

He never identified the agency by name. The FBI later denied it had given the subcommittee any information on Norman. Army intelligence issued a similar denial. In his testimony Emmerson said he last saw Norman in Lebanon Oct. 27, 1956.

Emmerson was then with the American consulate in Lebanon, which is Israel's next door neighbor. Norman was coming to Lebanon to present his credentials as minister to that country. The meeting of those two men, Oct. 27, was two days before Israel invaded Egypt.

Before the hearing ended, Morris told Emmerson he was not under investigation. But on April 12 Sen. Eastland (D-Miss.), chairman of the subcommittee, told the Senate the purpose of the hearings was not to investigate Norman but to investigate "personnel in our own State Department, one of whom was stationed in the Middle East." He mentioned no names.

But Eastland's explanation of the purpose of the hearing was not the same as that given this writer previously when he asked Morris to explain the purpose. Morris, who had told Emmerson he was not under investigation, had said:

"We wanted to ask him (Emmerson) about his associations with Communists in China and his association at the time of Suez (meaning the invasion of Egypt by Israel) with a man (Norman) listed in our records as a Communist."

## "The Greatest Swing Vote"

### Women So Recognized By Senator John Kennedy

By Esther Van Wagoner Tufty  
Of Our Washington Bureau

WASHINGTON — At a press women-only breakfast, Senator John Kennedy (D-Mass.) said women constitute the "greatest swing vote" in Presidential elections today.

To this personable Senator not yet 40 years old, some women voters are "very partisan" but "speaking generally" (with a quick smile he recognized this was dangerous) women were less party-organization minded and more likely to cross party lines if sold on the candidate as a person.

So the so-called women's vote is seen as one of "the most sought for" because it's not wedded to one political party.

That he himself would have appeal to these sought-after women voters was evident in the hearty response of the women reporters not easily impressed and sometimes described as hard-boiled as a picnic egg. They asked, "Will you be a Presidential candidate in 1960?" and then cannily changed the question to "Would you be willing to run for the Presidency in 1960?"

To the first phrasing he said "no" and the second he answered with the wisecrack: That's like a man asking a girl would you marry me if I asked you.

His discounting of the possibility that he will be the Democrat standard bearer in 1960 is based on the conviction he would not have a chance against a popular Governor of a big state, because every Senator makes enemies of some faction every time he votes on a controversial issue.

Contrary to an old political belief, the Catholic Senator said "being a Catholic is no longer a handicap to a Presidential hopeful." (His almost-vice-presidential victory at the last Democrat convention in Chicago is widely considered good evidence.)

But he does predict that the Democrats will win "working majorities" in the 1958 elections. Democratic senatorial candidates up for election next year belong to the "School of 1946 and 1952 when they were winners against a strong Republican tide."

Says the Massachusetts Democrat "to win in 1960 we must make a record in this Congress." Voters must be made to see the difference between the two parties which now seem "to differ only as to degree." He's even willing to lose a fight for such legislation, federal aid to school construction and minimum wage extended coverage, rather than to compromise the Democratic Party opinion just "to get some legislation."

The Democratic party dilemma

## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

Missouri's new budget bureau will be in operation by May 15 or possibly sooner, according to Newton Atterbury, state comptroller and director of the budget.

Gov. James T. Blair ordered the new budget office set up at the beginning of the present legislature. The governor asked for and got a \$50,000 appropriation to hire a team of experts to draw up plans for state expenditures.

In the past, the budget office consisted of two full time employees and one part time worker. Already Atterbury has hired six budget analysts and statisticians and is looking for three more financial experts.

State agencies previously made requests for their future spending needs to the budget office which had no way to check on the necessity for the requests. To make sure that all requests would fit anticipated revenue, the budget office previously trimmed all spending requests by a certain percentage. Atterbury said in the new budget set up, his workers will go to

every state agency and institution to determine the spending needs. "We will try to eliminate all unnecessary expenditures and set up a priority system of appropriations," he said.

Atterbury said the next budget should be ready in November. Then, he said the governor could hold hearings for those agencies not satisfied with the amount allocated them in the budget.

A bill to require a vote of the people before a 4th class county could move into the 3rd class was defeated recently by the house.

The bill, sponsored by Rep. Frank Carter (R-Wright county), received 67 affirmative votes—12 short of the required 79.

Carter said nine 4th class counties are now in the process of moving into the 3rd class. Most of them, he said do not want to make the change because they will have to pay higher salaries to county employees and charge higher taxes.

One opponent, Rep. John Sample (R-Washington county), said the bill would "retard progress and restrict the counties which want to move into the 3rd class."

Legislation to outlaw filled milk in Missouri is virtually dead for the 69th general assembly, according to its sponsor, Rep. Russell Corn (D-Howell county).

Corn introduced a bill to abolish the manufacture and sale of filled milk products on March 15. The bill was assigned on March 18 to the commerce committee which is loaded with big city members.

No hearing has been scheduled yet for the bill and the committee chairman, Rep. John Griffin (D-St. Louis), said no hearing could be held until after April 22.

Corn agreed that a hearing of that late date would be useless. Any bill on a controversial subject such as filled milk stands little chance of getting through the legislature unless cleared from a committee at an early date.

Corn said he introduced the proposal against filled milk products because they are sold for such low prices in super markets that small groceries can't compete. "I have nothing against the cotton and soybean farmers," he said.

"Filled milk is a product made by substituting cotton or soy bean oil for the butterfat. Previous attempts to outlaw such products have failed to pass both houses of the general assembly."

Another bill which was defeated by the house would have given the highway patrol the same powers of search and seizure as other peace officers.

Under the present set up, if a highway patrolman wants to search a car for stolen goods or a weapon, he must call the nearest county sheriff to make the search.

Sponsors of the measure called the bill a method of improving law enforcement. One of the opponents, Rep. Loyd Estep (R-Christian county), said the bill would be discriminatory against elected peace officers who are bonded before they may search and seize suspected vehicles or articles.

The bill was defeated 36 in favor, 77 opposed.

## Crossroads Comment by G. H. S.

We have a letter from a woman in a western state who is anxious to get in communication with descendants of Robert Berry who married Mary Ann Patterson, a daughter of Pryor (or Prier) Patterson, anyone of whom may have knowledge of the old family Bible or where Robert Berry's grave is located in Pettis County.

If anyone has such information and will contact in person or by letter the editor of the Sedalia Democrat he will see that proper communications are established with the inquirer.

comes from the coalition character of the party where candidates, he says, like Senator Byrd and Senator Morse are popular respectively in Virginia and Oregon but could not give a united party policy as a Presidential candidate.

# Flock Vaccination Helps Prevent Loss Of Egg Production

Veterinary School Recommends Program Where Major Part Of Income Is From Poultry

By Dr. Paul M. Newberne  
MU School of Veterinary Medicine

A vaccination program is an insurance against the loss of egg production and death loss from the disease for which the vaccination is effective. Where poultry is the major part of the farm income you cannot afford to be without this protection for the added small cost and labor involved.

The School of Veterinary Medicine, University of Missouri, recommends the following vaccination program for the laying flock:

1. Vaccinate day old chicks with Newcastle disease using intranasal vaccine. This method is recommended rather than one of the mass methods of vaccination such as dust, spray, or water, due to adverse reactions when not administered properly. Mass methods give shorter immunity, and require revaccination. The intranasal method gives more uniform results and will give protection for ten or 12 weeks.

2. Vaccinate eight to ten week old pullets with fowl pox vaccine using the feather-follicle method. The technique involves plucking a few feathers from the thigh and brushing the follicles with a swab or brush dipped in the vaccine. The wing web method is also used for vaccinating for fowl pox. Sometimes the chickens place their heads under the wings and it causes pox lesions on the comb and the wattles.

Do not use pigeon pox vaccine. Veterinarians have observed a seven year cycle in fowl pox cases in the state, and if past history repeats there will be an unusually bad year one in seven and some difficulty with fowl pox every year. This vaccination gives lifetime protection.

3. Vaccinate at 12 to 14 weeks for Newcastle using wing-web vaccine. This method consists of dipping a sharp pointed instrument furnished with the vaccine into the vaccine and then stab the web of the wing. The wing web vaccination gives protection through the normal period that the hen is kept for egg production.

4. At ten to 12 weeks vaccinate for infectious bronchitis if prevalent in your area. This can be done at the same time the wing web vaccine is given. Infectious bronchitis vaccine comes in the same forms as Newcastle vaccine for day old chicks. If bronchitis is not prevalent in the area you may wish to leave out the vaccination. The results from infectious bronchi-

tis vaccination are not as uniform as for the other diseases mentioned.

If the present laying flock has not been vaccinated they should be separated as widely as possible from the pullets in starting a vaccination program. If different people can care for the two flocks, it will help. There is some risk involved which has to be taken in getting a good vaccination program started to protect the laying flock.

## Scholarship Applications Should Be Now

High school seniors who intend to enroll in the College of Agriculture at the University of Missouri next fall will be interested in this word from J. H. Longwell, Dean of the College. He says that now is the time to make application for a freshman scholarship. More than 400 scholarships are available to high school seniors who intend to enroll in the College of Agriculture. These scholarships vary in value but most are worth \$135 to \$150.

According to Longwell, scholarships, along with part-time work, can help pay a sizable part of the \$800 to \$1,000 the average College of Agriculture student spends during his freshman year.

The scholarship applications are available from high school officials and at local county extension offices. However, any high school senior unable to get an application blank from either of these sources can write to the Dean's office, College of Agriculture, at Columbia. Selection of scholarship winners will be made on the basis of the applicant's rank in his high school graduating class, score made on the Ohio test for high school seniors, activities as a 4-H'er, Future Farmer, or Future Homemaker and financial need.

Applications for part-time work can be made on the same application blank used for scholarship applications. About two-thirds of the students now in the College of Agriculture have part-time jobs.

Applications for these scholarships will be accepted any time during the spring and summer. But Longwell says those who apply earliest have the best chance of getting a scholarship and finding part-time work.

### Pleasure Before Business

SAYRE, Okla. (A)—Bailey Gallahar and John Mooren, Sayre dry-goods merchants, have gone to drastic measures to eliminate business from their conversation when they go fishing.

The first one who mentions business has to take a running jump into the lake.

### Seed Supply Is Short

The sudan grass supply is quite short. Those wanting to plant certified seed of a particular variety should buy their seed now. For dairy herds, a half acre should be planted per cow. Buy your seed now so you will have it when you are ready to plant. Seeding rates are 25 to 30 pounds per acre.

### New Tests Developed

## Improvements Made In Soil Test Program

By O. T. COLEMAN  
MU Extension Soils Specialist

Many improvements in soil testing procedures, equipment, plans, arrangements, and location of laboratories have been made since Missouri's first three county soil testing laboratories were set up in 1946. Besides this, some new tests have been developed and added—all of which have helped bring these laboratories up to date.

Dr. E. R. Graham, of the University of Missouri, Department of Soils, has developed procedures for running the per cent organic matter in soils, making possible a more accurate determination of the amount of nitrogen available to crops from the soil during the average growing season. In addition to this, he has developed the exchangeable calcium and magnesium tests and just recently, a new method for determining exchangeable potassium in soils. This method is now in the process of being installed in the county laboratories. Besides this, he has improved upon the original soluble phosphate test and has constantly worked on and made improvements in other tests and laboratory equipment.

Dr. C. M. Woodruff, Department of Soils, has developed the Lime-meter, used for determining the pH, or soil acidity, and the lime requirement, or exchangeable hydrogen of soils. This has replaced the old method for determining the lime needs of the soil where an ordinary color chart was used. In addition to giving a more accurate determination of the lime-stone needs of the soil, this Lime-meter, by giving the exchangeable hydrogen, makes it possible to determine the soil's exchange capacity or ability to hold certain plant foods.

Dr. George Smith, also of the Department of Soils, has added to the efficiency of these laboratories by developing automatic flasks for quicker measurement of chemicals. He has also added to the accuracy of soil test interpretations by helping correlate these tests with experimental results.

The biggest improvements in these laboratories were started about 1950. All of the three original county laboratories and most set up before 1950 have been improved or completely modernized. The most recent addition to these laboratories is the newly developed Spectronic 20, which gives quicker and more accurate reading of tests. Even though this costs \$235, six counties have already added it and all the new laboratories are including it in their original set up.

In addition to this, 90 of the 100 county laboratories now in operation have been set up in, or have been moved to, the same building as the county agent's office so he might give them closer supervision.

Making these laboratories more accessible so more farmers actually see where their soil is tested and how much work is involved has no doubt contributed to the fact that over 100,000 soil samples are being tested in these laboratories each year.

### GROW SUDAN FOR SUMMER PASTURE

Sudan grass has proved to be the best summer supplementary dairy pasture in Missouri, say field crops specialists at the University of Missouri. It is good emergency pasture for beef cattle as shown in the top picture above.

The crop is adapted to all classes and conditions of Missouri soil but grows best on well-drained fields. In addition to its value as a late-summer pasture, sudan makes excellent grass silage, lower picture. It can also be harvested as hay but is difficult to cure and handle in this respect.

## GOOD FARMING

in Pettis County

By MERLE VAUGHAN  
County Extension Agent

### Herbicide Recommendations

By Herbicides we mean materials that generally are used to control weeds in field crops, pastures, and lawns. They were one of the topics discussed at our monthly District Conference this week. Bill Murphy, extension specialist in field crops was the speaker.

One of the points made was that a new law called the Miller amendment has set limits on the amount of chemicals that can be used on crops. That amount is usually termed label clearance. It may be another year before old labels are used up and material found on the shelves will be thusly labeled: "Caution 2,4-D or 2,4,5-T should not be used near gardens and truck patches."

### Corn

For pre-emergence the 2,4-D is fully recommended except on sandy soils. The rate is one pound to two pounds per acre acid equivalent. It has the advantage of controlling annual weeds grasses as well as broad leaved weeds for three to five weeks period. Giant Foxtail is becoming one of our worst weeds and this spray gives 80 to 85 per cent control of that. Of course the practice will pay off best on wet fields that possibly cannot be cultivated for several weeks after planting.

Post emergence spraying is for weeds that get too big for the cultivator to remove or cover. Rates of application are 1/4 pound of acid equivalent of ester form and 1/2 pound on the amine form of 2,4-D. The amine type is safer to use. Label clearance (Miller Amendment) is granted up to 1/2 pound on field corn and on sweet corn up to 18 inches in height. Popcorn must be sprayed before it passes three inches in height.

### Sorghums

Pre-emergence spraying is not recommended because of likelihood of injury to germination. Post-emergence spraying has no label clearance to date. In event of label clearance, post-emergence spraying with 2,4-D (same rates as for corn, or lighter rates where types of weeds permit) would be recommended only where the broad-leaved weeds were so bad that damage from weeds overshadows the danger of 2,4-D to sorghum. (Likelihood of damage to sorghum is much greater than with corn). Sorghum is most resistant to 2,4-D from 8 inches to 18 inches in height.

### Small Grains

Wheat, rye, barley, oats — use 1/2 to 3/4 pounds per acre of 2,4-D acid equivalent (1/2 pound ester, 3/4 pound amine), preferably from tillering to joint stage, but can be sprayed up until boot stage if necessary. Label clearance given for as much as one pound per acre, but only until 50 days pre-harvest, for rye only to joint stage.

### Pastures

No information on label restrictions, but it is indicated restrictions may be applied. Usual dosage on established grasses one — 2 pounds. 2,4-D acid equivalent per acre, but amount applied may be varied with weeds to be killed. Seeding grasses may be injured until well tillered. Damage to legumes in pastures to be expected.

### Wild Onion and Garlic

Both can be controlled in established grass by use of 1 1/2 — 2 pounds per acre of 2,4-D ester applied in spring (early) and in fall (around Nov. 1) for about three

consecutive treatments. Wheat can usually be kept from grading garlic by spraying with ester of 2,4-D between tillering and jointing (can go up to boot stage if necessary). Where infection is very bad, one may go as high as 3/4 pounds per acre if willing to chance some damage to wheat. (Does not eradicate the onions or garlic.)

### Insect Recommendations

We also had recommendation from our extension entomologist, Stirling Kyd. Stirling was particularly enthusiastic about the use of soil insecticides to control all soil insects that bother corn. The recommendations are one pound actual of aldrin or heptachlor in the row as a spray or in the fertilizer or 1 1/2 pounds actual sprayed or broadcast and disced in. One agent told of a farmer hitching his disc right behind the tractor carrying the sprayer. That is, he sprayed and disced in one operation.

### Aphids and Lady Bugs

A lot of folks are not able to identify the common lady bug beetle. It is about the size of the eraser in a pencil. It is red and has a number of black spots. They are one of the main controls of aphids in alfalfa. A lot of people found them feeding on the aphids in alfalfa and called them spotted aphids themselves.

Also their larva or young look like a little lizard or dragon and many folks have thought they were the insects damaging alfalfa and other crops.

So far the situation looks quite favorable of getting by without a serious aphid infestation this year. Folks planning to seed alfalfa this year might do better sowing it yet this spring then waiting till fall when the spotted aphids may have built up again.

### Don't Use DDT On Beef Cattle

For several years the recommendation has been to use methoxychlor on dairy cattle rather than DDT. Now we are urged to also eliminate its use on beef cattle. Present recommendations for fly control are toxaphene or beef cattle either as a spray or in back rubbers.

### At Least One Store Has Garden Spray Mixture

Our new garden spray recommendations are for the use of malathion wettable powder instead of the emulsifiable concentrate. Some stores have it in 4-pound packages but not in smaller ones. Also some companies are stopping the making of zineb which is one of the recommended fungicides.

These materials cannot be packaged together, so one farm supply store has put them up in a two-ended container. In one end is the Methoxychlor and malathion and in the other the zineb ad capti.

For folks that have some of these materials on hand and want to mix their own they can use captan instead of zineb. Also they can use the malathion emulsifiable concentrate if they use it as soon as mixed up. This malathion emulsifiable concentrate has caused a little

Size of Herd Is Factor

## Wise Dairyman Should Check Pasture at Start of Season

By Fred Meinershagen  
MU Extension Dairy Specialist

It is the wise farmer who checks over his equipment before starting to the field. It is the wise dairyman who checks his herd and pastures before starting the pasture season.

First of all, are your pastures ready for grazing? You will receive a higher and more uniform flow of milk if the milking herd is not turned on the pasture until there is adequate growth for continuous grazing.

If the amount of grazing is limited it may be necessary to decide whether to turn the milking herd or just the young and dry stock out to pasture first. If hay and silage supplies are of top quality the milking herd should probably be kept off pasture until ample grazing for all of the herd is available. Should roughage quality be low, higher milk production will probably be obtained by turning just the milking herd on pasture when ample grazing for them is available. The young and dry stock can be carried on the supply of lower quality roughage until pasture conditions improve.

Let's assume that you are going to turn the milking herd on pasture. Here are some items that may improve your profits.

You can lower the percent of protein in the grain ration to about 10 or 12 per cent total.

Daily rotational grazing, that is changing the area to be grazed each day, is a measure that will extend pasture forages, particularly on small grain.

A rack of hay should be made available to the herd while on pasture. Some mineral such as two parts bone meal and one part salt in an all weather feeder can be placed near the hay rack. Each of these may be of some value in preventing bloat. There is still no definite measure that will prevent bloat in spite of the wide publicity on different items being tested.

Grass flavors may cause milk to be refused by dairy plants. Pasture for a few hours after each milking, then remove the herd from the pasture.

Young stock needs special care even though pasture supplies may be abundant. It is best not to turn animals under six months of age out on pasture. Those from six months to a year of age should receive some grain and hay in addition to good pasture.

Before going to pasture with those young heifers, be sure to vaccinate them for brucellosis. It will be easy to let them slip past the age for vaccination once they are out of your immediate care.

damage on vine crops when really small so probably should not be used there.

Vaccination of heifers for black-leg and related diseases also may be advisable if there has been an outbreak in recent years in your community.

Ample pasture just does not come with spring. It takes continuous planning and planting to have pasture throughout the grazing season.

Do you know where you are going to plant your sudan? And have you purchased the seed? What about your barley or rye for early fall pasture?

These pastures do cost money. However, a good small grain pasture this spring may be worth \$8 to \$10 per cow per month.

## Demonstration Will Be Held on Tegtmeyer Farm on Wednesday

A structure demonstration has been planned on the Otto Tegtmeyer farm on Wednesday May 1. The farm is located four miles north and one mile east of LaMonte.

The structure used will be a tube type with a downspout. Herman Hall, extension agricultural engineer from the University of Missouri, will assist the local county extension agents in supervising the demonstration.

Further information will be available later.

### MU to Hold Annual

The Second Annual Weather Information Short Course will be held on the University of Missouri campus April 20. The theme of this year's program will be ways that radio, television, and newspaper reporters can obtain local weather information for news stories.

Speakers on the program will be representatives of the United States Weather Bureau. And the program is primarily intended for people who report weather information to the public.

Another part of the program will be a description of the Weather Bureau's severe weather forecast program.

## Some Concern Shown in Hog Production

While the lamb market looks relatively good, hog producers are somewhat concerned about possible overproduction.

Secretary of Agriculture Benson is urging hog farmers to stick close to their production plans as indicated by the March 1 spring pig crop report.

Farmers in nine corn belt states indicated March 1 that 1957 spring farrowings will be about the same as last year. The report also indicated that farmers will continue earlier farrowings. This will tend to even out the fall marketing pattern.

Recent hog prices have resulted in a higher-than-average corn-hog ratio. The reason for concern is that in previous years, a more favorable corn-hog ratio has usually been followed by increases in hog production, which, in turn, have meant lower prices.

Benson stresses that producers should make their breeding plans on the basis of expected prices at the time of sale rather than on prices at time of breeding.

Here's what Jim Reynolds, University of Missouri extension livestock marketing specialist, has to say about what prices might be later on this year. It appears that December hog prices will be lower than in 1956, particularly if late spring and summer farrowings are increased. Then by February and March of 1958, hogs would be selling well below present prices — probably below \$15 for butchers.

A general rule is that a 10 per cent increase in production will lower hog prices by 15 per cent or more. Since last December, a reduction in slaughter of 20 to 25 per cent under the year before was the reason for the \$4 - \$6 rise in prices.

### Double Haul

MILWAUKEE (A)—The ambulance driver who went to pick up Michael Wilson got a surprise.

Wilson had fallen from a horse and broke his left leg. As soon as he was placed in the ambulance, Raymond J. Surprise stumbled into Wilson's farmyard. He had suffered a sprained shoulder when he fell from a horse.

Both men were taken to the hospital in the ambulance.

Missouri Wins Two Games

Fine Pitching Prevails As Big Seven Baseball Is Begun

By THE ASSOCIATED PRESS

Exceptionally fine pitching prevailed in four of the Big Seven Conference baseball openers as the league finally got its championship play under way Saturday.

Missouri was the only team to win two games, beating visiting Colorado 6-2 and 3-2, but the best pitching took place at Norman, Okla., where Kansas and Oklahoma exchanged one-hit victories.

Kansas won the opener 2-3 behind the 1-hit pitching of Ron Wylie, who also drove in both runs with a fourth-inning homer.

Oklahoma came back behind the one-hit hurling of Eddie Fisher to win 1-0 as Dennis Morris tripled home the lone marker in the second. Larry Miller, a Kan-

sas sophomore, allowed the Sooners only three safeties.

Both games at Columbia, Mo., were well pitched. Each team got only five hits in the opener. Colorado outthit the Tigers 7-6 in the afternoon.

Missouri sophomores Hank Kuhlmann and Charlie James, both football stars, provided the major stickwork. Kuhlmann's two-run triple in the sixth inning won the first game. James homered in the first for two of the Tigers' three runs in the second contest.

Bob Miller, a sophomore, went the distance for Missouri in the second game. Veteran Wade Ladue was credited with the victory in the opener on a relief job. Del Ritchhart pitched 6 1-3 scoreless innings for Colorado in the second game.

Hitting was fashionable at Lincoln, Neb., where Nebraska and Kansas State split a doubleheader. Nebraska won the opener 17-2 with a combination of 16 bases on balls and 12 hits. Kansas State got nine hits in winning the second game 11-4.

A two-game series scheduled between Iowa State and the University of Minnesota was postponed because of bad weather. The teams open a three-game series today.

This week's schedule: Tuesday — Oklahoma A&M at Oklahoma, Nebraska at Air Force Academy.

Wednesday — Nebraska at Air Force Academy. Friday — Kansas at Kansas State, Nebraska at Colorado, Missouri at Iowa State.

Saturday — Kansas at Kansas State (2), Nebraska at Colorado (2), Missouri at Iowa State (2). Conference standings:

	W	L	Pct.
Missouri .....	2	0	1.000
Nebraska .....	1	1	.500
Oklahoma .....	1	1	.500
Kansas State .....	1	1	.500
Kansas .....	1	1	.500
Colorado .....	0	2	.000
Iowa State .....	0	0	.000

Boston Celtics Win World Cage Championship

BOSTON (AP)—Boston savored its first world basketball championship today because of rookies Tom Heinsohn and Bill Russell and a pair of slick sophomores.

There are no better players in the National Basketball Assn. than men like Bob Cousy and Bill Sharman.

But when the chips were down the Celtics' younger set came through to nail down the team's first playoff championship in the 11-year history of the loop.

In the most exciting title series to date, Boston nipped St. Louis in double overtime Saturday in the decisive seventh game.

Heinsohn scored 37 points, hitting on 17 of 33 field goal tries, and had 23 rebounds. Russell grabbed 32 rebounds and tallied 19 points. Heinsohn was chosen NBA rookie of the year.

Frank Ramsey, on leave from the Army, scored on a 20 foot one-handed jump shot with 72 seconds remaining in the second overtime, and Jim Loscutoff put on the final touches with a free throw in the last second.

It took every ounce of stamina the Celtics had to win the title. St. Louis fought for every inch with Cliff Hagan proving terrific. Bob Pettit, of course, was remarkable. In the finale, Hagan had 24 points and Pettit 39.

Professional golfers, and amateurs with a handicap not exceeding five strokes are eligible to qualify for the United States Golf Assn's women's open championship. The entry fee is \$10.

**IN THE FAMILY** — Former President Herbert Hoover's fondness for bonefishing has been inherited by his granddaughter, Louise. The first she ever caught, taken off Key Largo, Fla., weighed nine and three-quarter pounds, and was entered in the Metropolitan Miami Tournament.

Run of Mill Right Handers Open Season

The Associated Press

Baltimore and Washington, neither a serious challenger for the American League pennant, had the stage all to themselves as the 1957 major league baseball season got under way today with the traditional solo opener in the nation's capital.

A pair of run-of-the-mill right-handers, Hector Brown (9-7) of the Orioles and Bob Chakales (4-4) of the Senators, were poised for the inaugural but not before a much more noted pitcher, President Dwight D. Eisenhower, threw out the first ball.

The majors roll into high gear tomorrow with all teams active as the National League starts its 82nd season and the American its 57th.

The New York Yankees remain a prohibitive favorite to win their third straight pennant and eighth in nine years of the Senators, were poised for the inaugural but not before a much more noted pitcher, President Dwight D. Eisenhower, threw out the first ball.

All observers expect another tight race in the National League. Milwaukee is a slight favorite over Brooklyn and Cincinnati. This trio fought it right down to the wire last year with the Dodgers edging out the Braves by one game and the Redlegs by two.

The experts don't give the other teams much of a chance unless the Yankees should run into an endless run of injuries or a "dark horse" team like the St. Louis Cardinals should get hot.

The three clubs expected to provide the sternest opposition to the Yankees will be under the leadership of new managers. Kerby Farrell, after a 10-year apprenticeship in the minor leagues, has replaced Al Lopez in Cleveland. Lopez, who never finished lower than second in six years with the Indians, has moved over to Chicago. Jack Tighe, a hustling, fiery type, has succeeded mild-mannered bucky Harris at Detroit, moving up from his job as Tiger coach.

The other new manager is Bob Scheffing, who has inherited Stan Hack's last-place problems with the Chicago Cubs.

Old familiar faces like Bob Feller and Al Rosen are gone to be replaced by eager newcomers like Tony Kubek of the Yankees, Roger Maris of the Indians, Jim Landis of the White Sox, Brooks Robinson and Carl Povich of the Orioles, Haywood Sullivan of the Red Sox, Bobby Gene Smith of the Cardinals, Andre Rodgers of the Giants, Bob Bowman and John Kennedy of the Phillies, Casey Wyse of the Cubs and some dozen others.

Defending Champion Wins First Match In Masters Tourney

FORT WORTH, Tex. (AP)—Defending bowling champion Dick Hoover of Akron, Ohio, won his first match of the 1957 ABC Masters tournament last night when he whipped Joe Bolek of Chicago 850 to 710 in their four-game encounter.

The Masters, a distinct event and not a part of the American Bowling Congress championships which are also being rolled here, is a double-elimination singles affair.

Jack Aydelotte of Minneapolis put on the evening's best scoring performance when he clubbed out a 4-game total of 919 to whip Detroit's Buzz Fazio who had 863. Aydelotte strung out games of 227, 226, 258 and 208.

Jimmy Carman of Dallas, who led the eight game qualifying rounds of the tournament with 1748, absorbed his first loss at the hands of Buddy Bomar of Chicago. Bomar eked out an 809-805 victory over the 18-year-old Texan.

Red Elkins, San Francisco, who won the Masters in 1954, rolled a 278 game in the last stanza, the ninth highest game in tournament history. After stringing out nine straight strikes he hit high for a 4-7 leave.

A's Need to Drop One

KANSAS CITY (AP)—The Kansas City Athletics were one baseball player away today from a mid-night deadline when they must meet the American League's 28th player limit.

Pitcher Jack Urban, obtained from the New York Yankees in a February trade, was optioned yesterday to Denver of the American Assn. on a 24-hour recall.

Urban, 25, won 11 and lost 8 for Denver last season.

Yankee Yogi Berra entered the 1957 American League season with a major league home run record for catchers. He started the season with 238.

Jim Piersall of the Boston Red Sox and Nellie Fox of the Chicago White Sox played in all of their teams' American League games in 1956.

CALLING THEM TO THE POST

Democrat-Capital SPORTS

**MAKES YOU HUNGRY**—The legs belong to Tony Kubek, a mere rookie with the Yankees. But on the Detroit bench, Manager Jack Tighe's wish-he-were-mine look tells you Kubek is a typical Yankee Stadium player.

Celtics' Player Is Named for Honors As 'Rookie of Year'

NEW YORK (AP)—Tom Heinsohn of the Boston Celtics edged out teammate Bill Russell for "rookie of the year" honors in the National Basketball Assn. in balloting of sportswriters and broadcasters in league cities.

Heinsohn, former Holy Cross All America, outlasted the 1956 Olympic basketball champion's star, though both failed to place on the first two teams in the league's all star selections. Russell, a defensive sensation for the Celtics this season, and two-time All America at San Francisco, teamed with Heinsohn, Bob Cousy and Bill Sharman in dominating the balloting for the league's top players.

Cousy received the most votes to make the all star team for the sixth consecutive year, with Sharman also being selected a member of the first five. League scoring champ Paul Arizin of Philadelphia, and Bob Pettit of the St. Louis Hawks, were right behind Cousy in vote-getting, while Syracuse star Adolph Schayes was the fifth selection.

The Warriors' Neil Johnston led the second team selections, for the fourth consecutive time. He was joined by Maurice Stokes, of Rochester, St. Louis' Slater Martin, Dick Garmaker of Minneapolis and George Yardley of the Ft. Wayne Pistons.

He will pay for the distinction though: although he was uninjured, damage to the front of his car was estimated at \$500. Driggers said the buffalo was owned by E. N. Hill, Riverside, N. M., and had escaped from a pen where it was being exhibited.

Longest winning streak in the National League in 1956 was 11. It was accomplished by the Milwaukee Braves.

The Washington Senators won only one of their 11 games played in Cleveland during 1956.

Stan Leonard Wins Greensboro Golf Tourney

GREENSBORO, N. C. (AP)—Stan Leonard of Canada has found that for him, at least, life on the links does begin at 40.

He pocketed \$2,000 first money in the \$15,000 Greater Greensboro Open Golf Tournament yesterday with a 69 finish for a 276 to win his first American tournament in three years of circuit play.

A professional for 17 years, the balding Leonard stayed pretty close to home most of that time. He won the Canadian PGA title five times and had a good club job. The life of a traveling circuit player held little appeal for him.

But several leading American pros told him he was "missing the boat" by not taking his chances in the United States where the big money is. So he took his first fling at a tournament schedule two years back.

Although he never won until yesterday, he was often well up in the money.

Leonard won about \$5,700 in eight U. S. starts this year before coming here. Three times in the Masters at Augusta, Ga., he has finished in the top 25. He pocketed about \$14,000 last year.

Leonard, who plays from Lachute, Canada, had a three-stroke edge over Mike Souhak, Grossinger's, N. Y., who played with him. Julius Boros, Southern Pines, N. C., tied for third at 280 with young Gary Player, Johannesburg, South Africa.

Eagles and Bears Schedule Exhibition Game in Kansas City

KANSAS CITY (AP)—The Chicago Bears and the Philadelphia Eagles have scheduled an exhibition professional football game here Sept. 8.

Among the players will be five stars—Tommy McDonald, Jimmy Harris and Jim Weatherall of Oklahoma; Hank Burnine of Missouri and Tom Brookshier of Colorado.

Same Name Causes Doctor Confusion

NEW YORK (AP)—Dr. Henry M. Scheer says he wants it known that reports of his death are inaccurate.

He said his family has received more than 50 telephone calls, letters and telegrams of condolence. He is worried that his practice will dwindle because patients won't call if they think him dead.

The misunderstanding arose when another Dr. Henry Scheer died recently. The death notice appeared in newspapers. That started the trouble for the living Dr. Scheer.

Scheer said some of his friends attended the funeral of the other doctor and others have stopped his wife on the street to offer sympathy.

Seven 600 Series Recorded In League Bowling Action

Sunday afternoon Adco Inc. and Ivan Berry Hatchery bowling teams played host to two of Marshall's top women's teams. Ivan Berry's team defeated the strong Speedway team by 34 pins after picking up a 66 pin cushion in the first game. Lela Norton with 513, 597, Bob McCurdy 580, John Hazell 577, Jack Vaughan 578, Ken Pabst 571, Ben Bennette 577, Gordon Morris 578 and Fran Tray 589.

High individual games were registered by Gay Jaeger 234, Jack Vaughan 235, John Hazell 221, George Arquitt 222, Verne Kuhn 230, Fran Tray 244 and Bob Lane 223.

Carrie Campeau and Lela Norton tied for high honors in the ladies' league action as they both came up with a 508 series. Myrt Whitfield also got a 502 series with a 193 first game. Jerry Clark of the Officers Wives' League registered 201 for the highest individual effort of the week.

Other high series were bowled by Edna Crabtree 464, Lillian Hamlin 473, Pat Morris 479, Jane Wimer 473, Larry McCurdy 488, Mary Ellen McCullen 478 and Lela Norton 469 and 495. Games over the 180 mark were bowled by Dot Daniels 197, Lela Norton 185 and 188, Maxine Bangert 185, Billie Riegers 181, Edna Crabtree 188 and Carrie Campeau 180. Peggie Walz shot a stepladder series in the Eager Leaguers' League when she put together games of 111, 112 and 113.

Many fine scores were posted in the league action at the Sedalia Bowling Lanes during the past week. Seven men bowlers went over the 600 mark and three women topped 500 or better.

Bob Land scored the high series of 636 on games of 215, 199 and 222 while Gerald Horst came up with a fine 624 in the Minor league on games of 175, 212 and 237.

Three men hit the 620 mark with Verne Kuhn setting two new league highs in the Tuesday Men's League with a big 253 game and the 620 series. Dave Kay shot 11 strikes in a row, but in two games. After a 165 start he had 221 and 234 for his 620.

Jim Taylor, veteran kegler, posted two honor marks, a 620 and a 602. Taylor had games of 163, 163 and 174.

Cardinals Win Mythical Title, Blair's Cup

ST. LOUIS (AP)—A cup donated by Gov. James T. Blair belongs to the St. Louis Cardinals for their two exhibition baseball victories in three games against Kansas City over the weekend.

The Cardinals clinched the mythical Missouri championship in yesterday's first game of a doubleheader, 7-3, as the A's helped out with four errors, three by second baseman Milt Graff.

In the second contest yesterday, the A's shut out the Red Birds behind the splendid hurling of Mickey McDermott and Arnold Portocarrero.

A ninth-inning double by Hector Lopez, a wild pitch and Gus Zernial's sacrifice fly ball provided the 1-0 edge.

Zernial also hit a pinch hit home run in the first contest. Sad Sam Jones and Vinegar Bend Mizell delighted Manager Fred Hutchinson with their throwing in the first game. Jones, the starter and winner, struck out five and gave up one hit in three innings.

Mizell hurled the next four, permitting one hit and an unearned run. Leading 2-1, the Cardinals scored three times in the fifth off Rindol Duren, who took over for losing pitcher Gene Host.

Fenstermaker Ties For Fourth in Singles Of Bowling Tourney

FORT WORTH, Tex. (AP)—Bill Fenstermaker of Columbus, Ohio, rolled 232, 255 and 233 last night for a 720 and a fourth place tie in the singles of the American Bowling Congress tournament.

John Guenther of Seattle, Wash., rolled his 720 April 11. Bob Allen of Yonkers, N.Y., leads the singles with his April 12 mark of 729.

Repair money? Go to HFC

# August Sanctuary Covers the Site Of Temple Visited by Young Jesus

**EDITOR'S NOTE:** Nowhere on this earth is war closer than in Palestine, the very region which heard Christ's voice and felt His footsteps. Here is the first in a series of five reports on the condition at Easter, 1967, of sites Christ made holy by His presence nearly 2,000 years ago.

By **WILTON WYNN**

**JERUSALEM, Jordan (AP)—**Inside the walls of Old Jerusalem is a quiet courtyard surrounding a mosque and a beautiful dome. Some people here believe the trumpet will sound on Judgment Day from a rock beneath the dome and that souls of the dead will be weighed in balance scales hanging from nearby arches.

This is holy ground. Foreigners can enter only by special permission. In some sections, shoes must be removed or heavy slippers put on.

Known to the Arabs as the "Harem es Sherif" (August Sanctuary), this enclosure covers the site of the Jewish Temple of Jesus' day. When Jesus was 12, His parents brought Him from Nazareth to visit the Temple here. While the family was on the north road back to Nazareth, Jesus remained in the Temple with the learned "doctors," astonishing them with His questions and answers. It was His first effort as a teacher of mankind and the only event of Jesus' boyhood related in the Bible.

Many changes have taken place in this area since Jesus was here. The Jewish Temple has been destroyed for nearly 2,000 years. No Jewish priests can enter the area today. But the temple site still is a sacred religious enclosure where learned "doctors" of another faith gather for endless discussion and study.

The Temple area now is a sacred Moslem shrine, the third most holy place in Islam. The contemporary "doctors" are Moslem sheikhs, some of whom come from thousands of miles away to spend their lives in religious contemplation.

These learned Moslems spread carpets or mats on the stone floor of the courtyard and debate minute theological problems for hours. Sometimes one will sit apart from the others. With his legs crossed and the Koran opened on a small wooden rack, he will chant Koranic passages by the hour, his body swaying rhythmically.

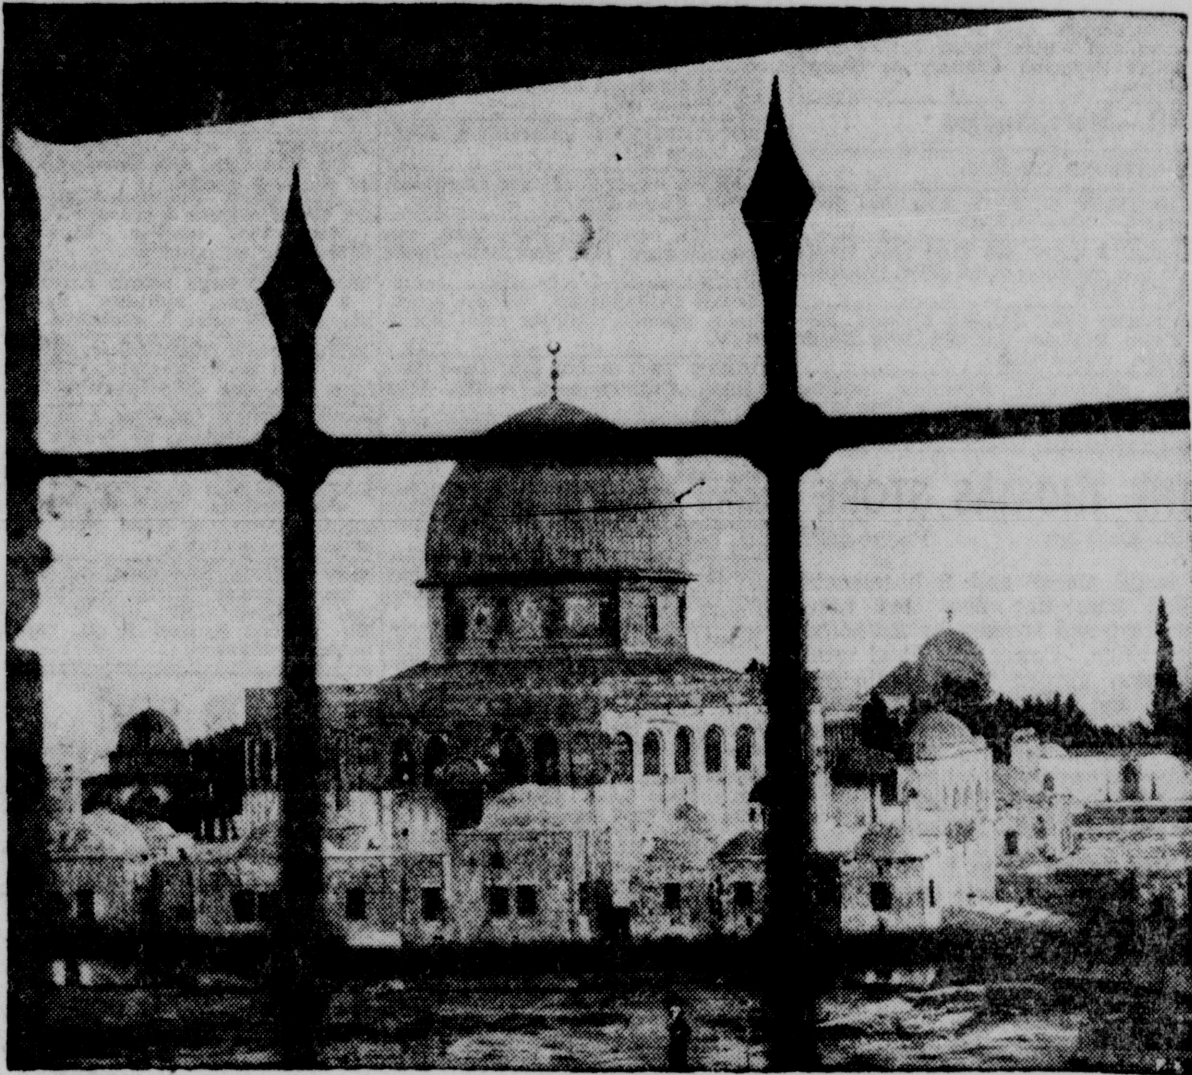

Sometimes a learned sheikh will have a small boy sitting in front of him for religious instruction. The sight of such a youngster in a full-length robe sitting at the feet of a sheikh recalls the incident when the boy Jesus talked to the doctors on the same spot.

Of the Temple which Jesus visited, there remains a sacred rock which once formed the Jewish altar. On the rock may be seen the channels down which the blood of sacrificial animals flowed when Jewish priests worshipped there.

This rock supposedly was the altar on which Abraham offered to sacrifice Isaac long before Jerusalem became the center of the Hebrew kingdom. When David established his capital here, he was ordered to build an altar on the threshing-floor of Araunah the Jebusite, which was the same rock. The altar then became the focal point of Solomon's Temple and later the Temple rebuilt by King Herod at the time of Christ.

Moslems built the "Dome of the Rock" on the ruins of the Jewish Temple in the Seventh Century. The rock beneath the dome is now considered the third most sacred site in the Moslem world, behind only Mecca and Medina. It was from this rock that Moslems say the Prophet Mohammed was taken up into Heaven on his horse.

The sacredness of this site has

**HE WAS HERE:** The "Dome of the Rock," a Moslem shrine, today stands on the site of Herod's Temple at Jerusalem, where Christ astonished the doctors with His wisdom. A sacred rock beneath the dome was a central fixture of the Jewish Temple of old.

given rise to many legends among superstitious persons here. According to one, the trumpet signalling the Day of Judgment will be sounded from this rock and an arcade standing nearby will hold the scales in which the souls of men will be weighed. Another legend has it that the dead gather twice a week for prayer in a pit underneath the rock.

Apart from the rock-altar, the only visible remains of the Temple of Jesus' day is the so-called "wailing wall." This stone wall rising from the slums of Old Jerusalem is probably the most sacred spot on earth for Jews. Yet no Jews have visited it since Palestine was partitioned by the Arab-Jewish war of 1948.

The armistice line left the sacred wall in Arab hands, and no Jews have crossed the line in the past nine years.

Jews believe this wall formed part of Herod's Temple, which was still new when Jesus visited it at the age of 12. The massive stone structure forms the western wall of the Moslem Haram es Sherif.

The wall is Moslem property, but before the 1948 war Jews had recognized rights here. They could stand (but not sit) before the wall and pray. They were not allowed to bring chairs or benches or build any kind of buildings here.

In the heavy stone of the wall grooves have been worn away where for centuries Jews kissed and stroked the remnant of their Temple while they waited its destruction and prayed for its restoration.

Tomorrow: The Baptismal Site.

## Slight Improvement Reported for Writer After Race Car Crash

**PARIS (AP)—**Slight improvement was reported today in the condition of Francoise Sagan, French 21-year-old whose teen-age sex novel "Bonjour Tristesse" won her international fame and fortune.

The young writer was seriously injured yesterday when her British racing car overturned near Paris.

Doctors said she suffered severe shock and internal injuries when her car somersaulted on a clear road and landed upside down in a field. She was driving. Three passengers with her—two men and a woman—were injured only slightly.

Taken to a Paris clinic, Miss Sagan sank into a coma and was placed in an oxygen tent. Later the oxygen tent was removed.

The hospital said she would not undergo any surgery for at least two days.

Police were unable to explain how the smashup happened. Her automobile, an Aston-Martin, is one of four high-powered cars the young author bought with the royalties from her books.

## Speed, Drink Are Villains In Road Death

The throttle and the bottle remained arch-villains in the Missouri Highway Patrol's fatality record for the first quarter of the year.

According to Patrol records, more than 80 drivers died on the highways during the first three months because their autos ran off their lives during the period.

Col. Hugh H. Waggoner, superintendent of the Patrol, said speed, inattention and drinking were probably the biggest factors in the 80 deaths. A total of 209 persons lost their lives during the period.

The Patrol chief said that in the past "ran-off-road" type of accidents have accounted for about one-third of the highways fatalities. In a majority of these accidents, speed has been one of the principal causes.

In nearly half of the ran-off-road accidents, Col. Waggoner said, drinking has been a major factor. Most of the accidents were wrecks in which no other vehicle was involved.

"The fact that most of the ran-off-road accidents occur at night emphasizes the importance of excessive speed as a cause," the colonel said, adding that most of the accidents happen on the open rural highways.

"The only way to cut down on the number of ran-off-road accidents is to convince drivers that drinking, speed, and inattention are a fatal combination.

"So far this year the state is above the one-third average for the ran-off-road type of accident, but we are under the total number of fatalities during the same period of 1956. More than half of these accidents occur on weekends when some drivers have a tendency to 'cut loose.'"

**ENDS TRAINING** Spencer A. Twyman, son of Mrs. Nolan Twyman, Route 1, completed his basic training at Ft. Carson, Colo., and entered the AAA Missile Battalion and is presently stationed at Selfridge AFB, Michigan.

Almost 40 per cent of all radios built in the United States are designed for use in automobiles.

## World Trade Fair Opens in New York

**NEW YORK (AP)—**The U.S. World Trade Fair opened in the Coliseum yesterday with the ceremonial breaking of a seven-foot loaf of bread.

Gov. Averell Harriman and Mayor Robert F. Wagner sliced the loaf of rye, a symbol of world prosperity and peace, to start the show of 3,000 exhibits from 59 nations.

## NOTICE OF PUBLIC HEARING ON ZONING

91—Legal Notices  
(Continued)SHERIFF'S SALE  
Under General Execution

By virtue and authority of a general execution, issued from the office of the circuit clerk of Pettis County, Missouri, dated the 8th day of April, 1957, and to me directed in favor of Bruce M. Hinkle, Plaintiff and against William Clyde Patterson, Defendant.

I have levied upon and seized all the right, title, interest and estate of

91—Legal Notices  
(Continued)

the said defendant of in and to the following described real estate, situated in Pettis County, Missouri, to-wit: Lot number Twelve (12) in Block number Twenty-three (23) of Mrs. M. E. Martin and Miss S. E. Smith's Second Addition of the City of Sedalia, Missouri, and I will on Monday the 29th of April, 1957, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon, at the west

91—Legal Notices  
(Continued)

front door of the court house, in the city of Sedalia, Pettis County, Missouri, and while the circuit court is in session, sell the said real estate at public auction, to the highest bidder, for cash, to satisfy said execution and costs. Dated this 8th day of April, 1957. Lamm & Barnett Attorneys. John F. Taylor Sheriff of Pettis County, Missouri. DC 17X 4-9 thru 4-28

91—Legal Notices  
(Continued)

CASE No. 4-599 NOTICE RE GAS PIPE LINES ON STATE HIGHWAY WHEREAS, the undersigned has applied to the State Highway Commission of Missouri for permission to erect and maintain a certain gas pipe line upon and along State Highway No. 65 in Pettis County, Missouri, between points more particularly described as follows: Line to extend from a point 580 feet north of the south line of Section 27,

"Wait, lady, next week he's using a Dora-Capital Want Ad—and we're all half-price!"
